

## **Trouble Season 1 Episode 4 Screening Kit**

### **Discussion Questions:**

- 1. Do you think it makes sense to make distinctions between political and “non-political” prisoners when it comes to choosing who you support? Why or why not? How would the way you answer this question affect the type of organizing you carried out?**
- 2. Have people here ever written to a prisoner before? What was the process like? Did you get a response back?**
- 3. Are there any political prisoner support groups, or Anarchist Black Cross chapters active in your city, or your area? If so, how can people get involved? If not, what would the process of starting one look like? And who could you reach out to for help (similar groups in nearby cities, etc?)**
- 4. What practical, immediate steps can people in this room take to support those arrested at Standing Rock and the J20 protests?**
- 5. Are there any movement lawyers in your town/city? If not, what would the process of setting that up look like? Are there regional/national resources that could be helpful in this process?**
